

As a user,
I want to be able to create new events

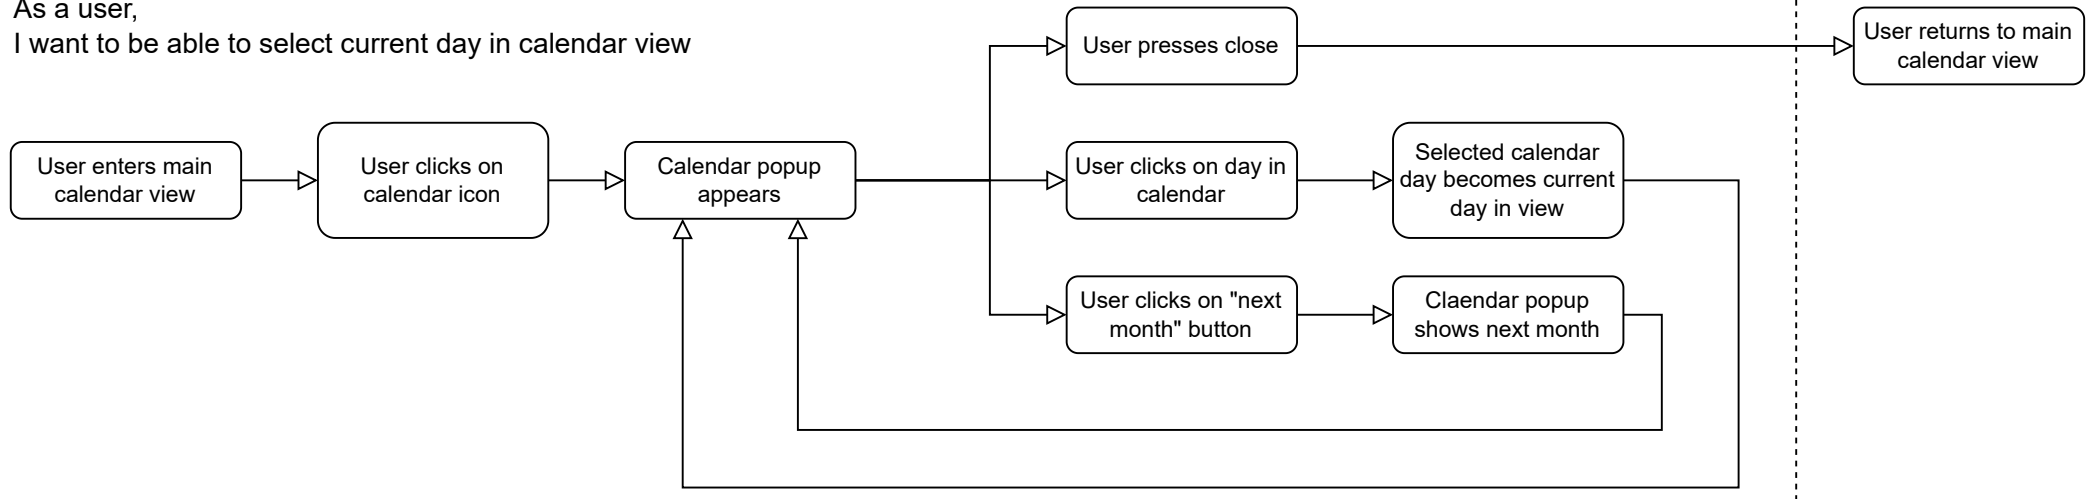

As a user,
I want to be able to customize the name
and color of an event

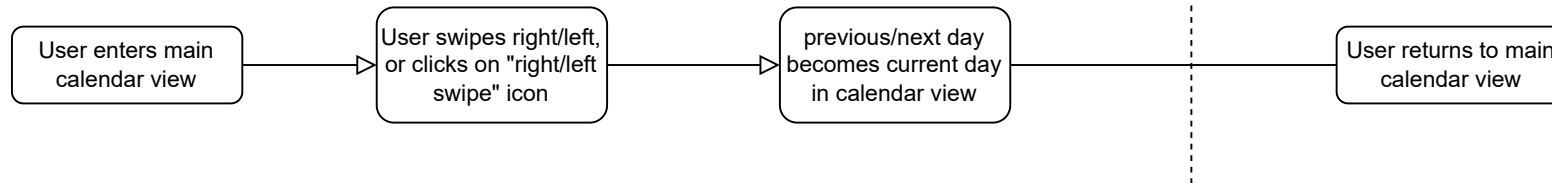

As a user,
I want to be able to select current event to add blob to day calendar

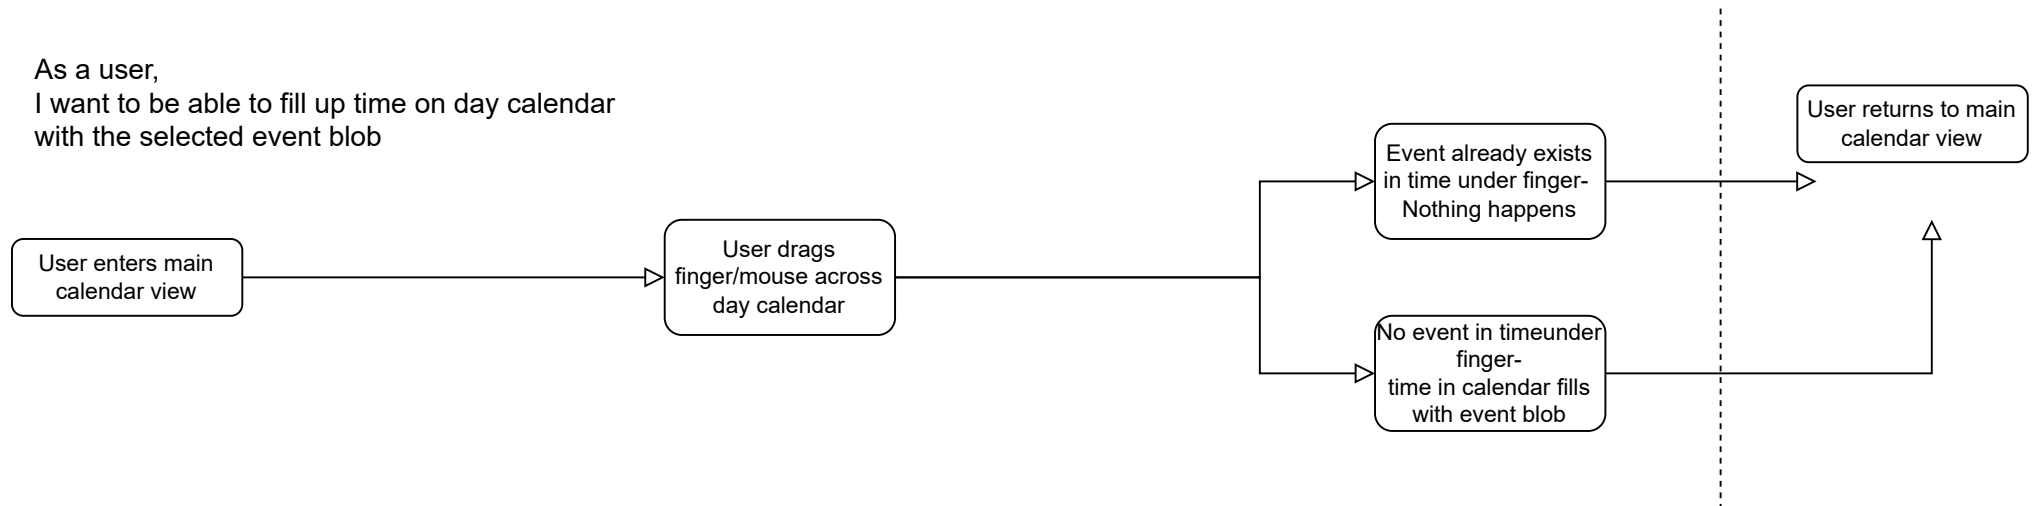

As a user,
I want to be able to select current day in calendar view

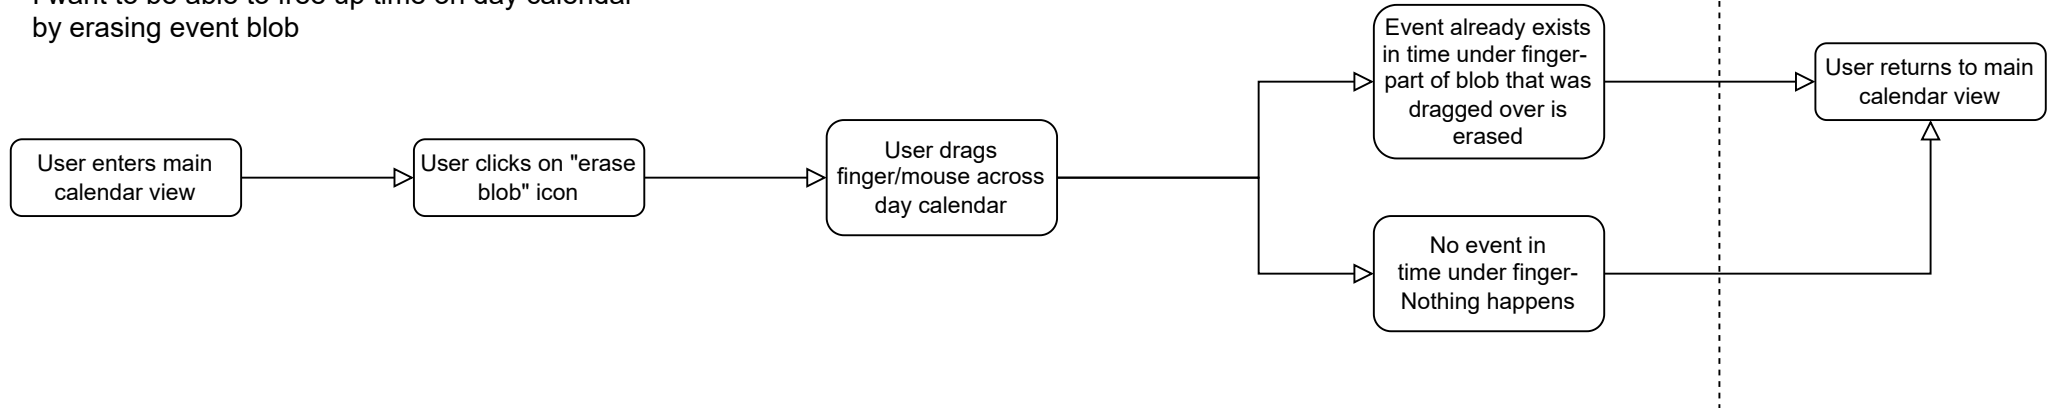

As a user,
I want to be able to swipe between successive days on calendar

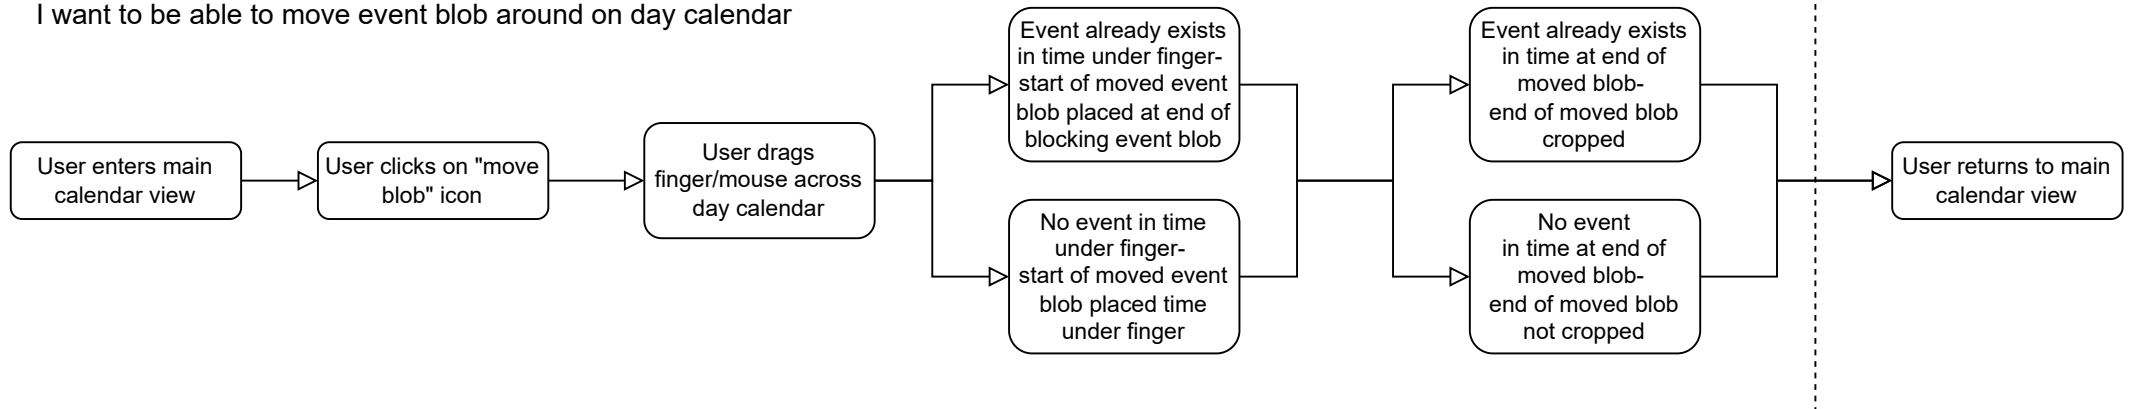

As a user,
I want to be able to fill up time on day calendar with the selected event blob

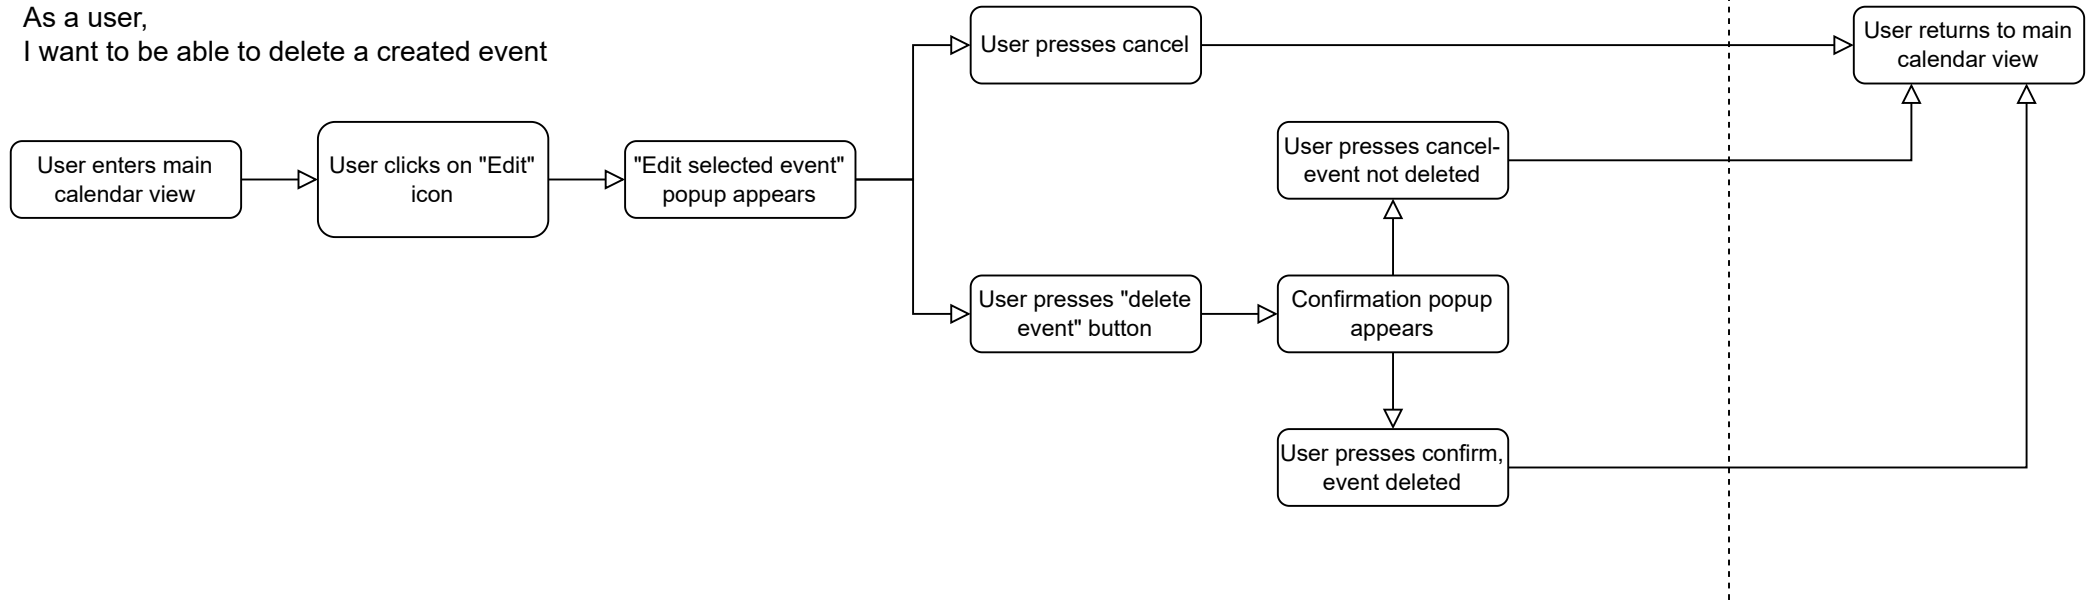

As a user,
I want to be able to free up time on day calendar
by erasing event blob

As a user,
I want to be able to move event blob around on day calendar

As a user,
I want to be able to delete a created event

As a user,
I want to be able to free up time on day calendar
by erasing event blob
